

ADDIT

LOW FOAMING CARPET SHAMPOO

DESCRIPTION:

Addit is a synergistic blend of organic low-foaming nonionic and anionic surface active agents having outstanding emulsifying and soil removal properties that do not require an acidic or alkaline builder system.

Addit offers these distinct advantages:

- pH balanced, can be adjusted for spotting needs
- Low-foaming and in some cases will act as a defoamer by itself
- Does not cause carpet "browning," or carpet fibers to become brittle caused alkalinity
- Even if used full strength — will not harm or damage carpet

Since Addit is low-foaming, a defoamer is unnecessary. If there is significant detergent residue left in the carpet from previous high-foaming shampoos, a defoamer may be added to the recovery tank.

APPEARANCE:

Clear blue liquid with citrus odor.

DIRECTIONS:

For Normal Extraction: 1 or 2 oz. per gallon of hot water.

For Heavy Soiling: Prespot with Traffic Lane Cleaner or Oxy-Clean.

For Greasy and Heavily Soiled Areas: Prespot with Orange Solvent Cleaner or use a 10% solution of Addit.

For a Pre-oil Break: Pre-spray using full strength.

For those situations where the particular carpet cleans more readily at a higher or lower pH, by

adding the proper organic or inorganic acid alkali, ADDIT may be easily adjusted to meet the need.

HEALTH & SAFETY:

WARNING: EYE IRRITANT

AVOID CONTACT WITH EYES OR PROLONGED CONTACT WITH SKIN

DO NOT TAKE INTERNALLY

See Product MSDS for more Health & Safety Information.

For Industrial and Institutional Use Only

KEEP OUT OF REACH OF CHILDREN

Do Not Store in Open or Unmarked Containers

PACKAGING:

4/1 Gallon case, 5-Gallon pails, 55-gallon drums

ITEM NO.: 240

3959 Goodwin Ave. Los Angeles, CA 90039
