

TECHNICAL DATA SHEET

BOBRICK'S AMMONIA

SUPERIOR ALL-PURPOSE CLEANER

DESCRIPTION:

America's No. 1 All-Purpose Cleaner for over half a century. Bobrick's Ammonia contains 4.5% ammonia making it a highly superior, but economical cleaner for general cleaning and stripping floors.

FOR USE ON:

Resilient Tile, Linoleum, Concrete, and Sealed Wood Floors. DO NOT use on terrazzo or marble due to possible etching.

DIRECTIONS:

For cleaning diapers, dishes, glassware, mirrors and windows: Dilute 1 ounce per gallon of water.

For general cleaning, ceramic and enamel surfaces, kitchen appliances and cabinets, laundry, venetian blinds and walls: Dilute 2 ounces per gallon of water

For garbage cans, toilet bowls, linoleum, and floor wax stripping: Dilute 4 ounces per gallon of water.

For metal-complexed and conventional floor finishes, waxes, and polymers, only 4-8 oz. of Bobrick's Ammonia per 1 gallon of water is necessary.

Application: To strip floors, apply solution liberally to the floor surface and let stand for 5 to 10 minutes. This allows the Bobrick's Ammonia to perform most of the work for you. Next, machine scrub with a stripping pad. Finish by rinsing thoroughly with hot water.

APPEARANCE:

Clear green liquid with strong ammonia odor.

HEALTH & SAFETY:

WARNING: DO NOT TAKE INTERNALLY

CONTAINS AMMONIA

Use In Well Ventilated Area — Vapors May Irritate Eyes, Skin, and Respiratory Tract

Do Not Mix with Chlorine Type Bleaches or Other Household Chemicals
