

## BITE II - SCALE & RUST REMOVER

### HYDROCHLORIC ACID REPLACEMENT TECHNOLOGY

#### DESCRIPTION:

BITE II is a new acid-free replacement technology that is very safe to use compared to that of hydrochloric acid. Non-fuming and safe on most surfaces, BITE II is a concentrated powerful ready-to-use cleaner that dissolves scale and hard water buildup (lime, calcium, scale), rust, algae discoloration, and soap scum deposits from horizontal and vertical surfaces.

#### USDA REGISTERED:

Category C1 - SAF-DEE may be used on all surfaces in inedible processing areas, non-processing areas, and/or exterior surfaces.

#### TOTAL ACTIVES:

22-24%

#### FOR USE ON:

**Avoid allowing BITE II to dry on stainless steel or aluminum as staining may occur.**

Toilet bowls, urinals, shower walls, bed pans, autoclaves, drinking fountains, chrome fixtures, vitreous china, ceramic enamel, copper, bronze, brass, chrome and chrome plate, steam tables, dish washing machines, swimming pools, and many others.

CAUTION: BITE II's low pH could have deleterious effects on some surfaces. If there is any doubt as to BITE II's compatibility on a particular surface, check a small inconspicuous area first by allowing a small amount of BITE II to sit on it for a few minutes and then rinsing thoroughly with water. If any discoloration occurs, discontinue use.

#### APPLICATION:

**TOILET BOWLS and URINALS:** Use full strength directly on a bowl mop and swab inside of bowl (stubborn stains may require rubbing or a second application). Allow to dwell for 3-5 minutes,

brush again, then flush. Pour 2 oz. of BITE II into clean water and with the bowl mop, clean outside seats and outside of fixtures. Rinse thoroughly.

**SHOWER STALLS and FIXTURES:** Dilute BITE II with 1-3 parts of water, apply to surface with sponge or swab, wait 2-3 minutes then scrub and rinse well with clean water.

CAUTION: Do not allow BITE II to dry on surface. Do not leave BITE II on any surface longer than 5 minutes. Avoid use in direct sunlight.

#### HEALTH & SAFETY:

CAUTION! AVOID PROLONGED CONTACT

Wear chemical goggles, gloves, & other appropriate safety equipment.

CAUSES EYE AND SKIN IRRITATION.

MAY BE HARMFUL IF SWALLOWED.

MAY CAUSE RESPIRATORY TRACT IRRITATION.

KEEP OUT OF THE REACH OF CHILDREN

For Industrial and Institutional Use Only

Do Not Store in Open or Unmarked Containers

See Product MSDS for more HEALTH and SAFETY Information

#### PACKAGING:

12/1-quart case, 4/1-gallon case, 5-gallon pails, and 55-gallon drums

ITEM NO.: 280

Rev 12/2014-1

3959 Goodwin Ave. Los Angeles, CA 90039
