

PHARMAGREEN

USDA-APPROVED MULTI-PURPOSE CLEANER

DESCRIPTION:

PHARMAGREEN is formulated from a mixture of low foaming biodegradable surfactants, builders, and an active water-soluble solvent. This concentrated mixture makes PHARMAGREEN a very cost-effective industrial cleaner.

FOR USE ON:

PHARMAGREEN, when used as directed, is safe for all water-safe flooring types, including vinyl, linoleum, marble, granite, sealed wood floors, and epoxy, urethane and methyl methacrylate coatings where a solid monolithic surface is created.

pH:

Maximum of 10

DIRECTIONS:

For Cleaning Resilient Flooring: Dilute PHARMAGREEN 2 -4 oz. per gallon of water. Apply to surface with mop and allow to sit a few minutes, then pick up with wrung-out mop. No rinsing is necessary.

For Removing Old Wax From Floors: Dilute 6 oz. of PHARMAGREEN in 1 gallon of hot water. Apply liberally to the floor with a suitable applicator and allow to sit for a few minutes. Scrub with floor machine and stripping pad, then pick up excess and rinse with clean warm water. Adding 1-2 oz. of BOBRICK'S AMMONIA to stripping solution will facilitate stripping.

For General Cleaning (Walls, Blinds, etc.): Add 2 to 4 oz. PHARMAGREEN to a pail of warm water. With a sponge, clean area within reach, then wipe off with cloth or chamois dampened with the solution and wrung dry.

For Heavy Cleaning of Concrete Floors: Use 12 oz. of PHARMAGREEN in a gallon of hot water. Apply to surface with suitable applicator and let sit. Next, machine scrub with flooring-approved brush if necessary. Pick up soiled solution completely.

HEALTH & SAFETY:

WARNING: EYE IRRITANT

AVOID CONTACT WITH EYES OR PROLONGED CONTACT WITH SKIN

DO NOT TAKE INTERNALLY

See Product MSDS for more Health & Safety Information.

For Industrial and Institutional Use Only

KEEP OUT OF REACH OF CHILDREN

Do Not Store in Open or Unmarked Containers

PACKAGING:

5-Gallon pails, 55-Gallon Drums, 260-Gallon Totes

ITEM NO.: 9040

3959 Goodwin Ave. Los Angeles, CA 90039
